Good Shepherd Microfinance presentation report:

**Using impact measurement to inform and create better outcomes**

Good Shepherd Microfinance offer low and no interest loans across Australia and now NZ. With 43% of their clients coming from a single parent family with dependents, the impact they have had thus far is huge — leading to financially independent and resilient families.

## WHAT'S HAPPENING GLOBALLY

**Connectivity, Connectivity and Engagement: the launch of Social Value Aotearoa**

Social Value International welcomes us to the international network.

<http://socialvalueint.org/connectivity-connectivity-and-engagement-the-launch-of-social-value-aotearoa/2015/>

**B Lab partners with Social Value International to help companies measure and improve their impact.**

Two of the biggest organisations in impact measurement team up to encourage companies to measure their impact.
